

Scheduled to open one year following construction of Gaddy Hall, this new café will be operated by Chartwells, part of the Compass Group, and serve the needs of Monroe College students on the New Rochelle campus. The facility features branded food service options, including a "fresh market," made-to-order grille, sandwich area, and other amenities. In keeping with the overall character of the mixed-use Gaddy Hall itself, the interior finishes are elegant with an inviting, fun twist, to welcome students and entice them to explore the range of dining options.
