

Jerome Avenue Grille

With the use of an inviting neutral palette, this transformation of the Jerome Avenue Grille will create a dining facility with fresh appeal for students on Monroe’s Bronx campus.

Designed in response to the requirements of food service operator Chartwells, part of the Compass Group, the renovation uses clean lines and details to transform this important campus gathering spot. The project also introduces new, contemporary vocabulary to the Bronx campus, with the design intention that these details will be carried through to other projects throughout King Hall.

Project Type Interior Renovation, Branded Environments
Location 2501 Jerome Ave, Bronx, NY
Client Monroe College
Area 1430 SF
Construction Cost \$500,000
Completion Date September 2015
