

This bold re-envisioning of the lobby to the pivotal building on Monroe’s Bronx campus brings sophistication and elegance to what was once a roller skating rink. The introduction of oak paneling brings warmth to the space, and marks the entrance to the college’s admissions office. A welcoming yet contemporary feel is created through the play of pattern and texture, as ceiling, walls, and floor are integrated into a cohesive whole.

Project Type Interior Renovation
Location 2501 Jerome Ave, Bronx, NY
Client Monroe College
Area 2370 SF
